RAILWAY CASUALTY.

FRIGHTFUL ACCIDENT.—104 Killed and Many Injured.

CITY OF MEXICO, March 1.—One of the most frightful accidents in the history of Mexican railroads, resulting in the killing of 104 persons and the serious if not fatal injury of nearly 200 others, occurred on the Inter-oceanic Railroad at a point about twenty-five miles from this city. The train ran away on a down grade and jumped the track. The engineer is in jail.

NEW PROCESS STOVE.

WORK OF CONGRESS.

LEFT UNDONE MORE THAN WAS REALLY DONE.

Session Notable For Squabbling and Lack of Results—Last Hours of Life.

WASHINGTON, March 4.—Congress adjourned at noon, sine die.

Mr. Cleveland refused to come to the Capitol to handle bills at the last. All other presidents have been more obliging. Mr. Cleveland has gone duck hunting.

Both the Senate and House have appointed delegates to an international monetary conference.

Hawaiian cable amendment failed. Appropriations were very heavy.

Among the important House bills which died was one for the reorganization of the line of the army and one to punish train-wreckers by capital punishment and attempt at train wrecking by heavy terms of imprisonment.

Pacific railway legislation failed entirely.

No legislation resulted from the host of financial bills.

The Nicaragua canal bill failed.

The fifty-third congress accomplished very little. The people are glad it has adjourned.

There is already serious talk of an extra session of the fifty-fourth Congress.

MINE DISASTER.

OVER A SCORE OF WORKMEN KILLED BY AN EXPLOSION.

CERRILLOS, N.M., Feb. 27.—The White Ash coal mine, situated some three miles from Cerrillos and operated by the Santa Fe Railway Company, was the scene this morning of a shocking disaster whereby more than a score of miners, each one of whom was the sole support of some dependent family, lost their lives. Fourteen other miners were terribly injured, and perhaps half of these will die as the result of their injuries.

The accident was caused by the explosion of sulphuretted hydrogen encountered in an abandoned drift, followed by the generation of fire damp.

EDITORIAL OPINION.

SAN FRANCISCO CHRONICLE.

It is understood that President Dole of the Hawaiian Republic will exercise his prerogative and commute the sentence of Wilcox and others from the death penalty to a long term of imprisonment. This is right. A young republic does not need a baptism of blood, especially the blood of its own citizens. Hawaii will stand much better in the eyes of the world if she exercises a prudent clemency than if she insist upon the extreme penalty, even in the case of avowed traitors.

H. C. WAHLBERG.

SAN FRANCISCO CO., March 8.—The filibustering schooner Wahlberg is in custody of the Federal authorities yet, but her master is missing. Capt. Martin cannot be found.

It is believed now that another schooner met the Wahlberg outside San Diego upon the return of the rebel assistant from Hawaii and relieved her of suspicious cargo.

NEW POSTMASTER GENERAL.

WASHINGTON, Feb. 28.—President Cleveland has nominated William L. Wilson of West Virginia to be Postmaster General, to succeed Bissell, resigned.

CAPTAIN WALKER.

In an interview at San Francisco Capt. F. D. Walker tells that he was not deported from Hawaii, and explains that there were no grounds whatever for suspicions against the Chinese.

NOTHING STRANGE.

Intelligent people who realize the important part the blood holds in keeping the body in a normal condition, find nothing strange in the number of diseases Hood's Sarsaparilla is able to cure. So many troubles result from impure blood, the best way to treat them is through the blood. Hood's Sarsaparilla vitalizes the blood.

Hood's Pills are the best after dinner pills. Assist digestion, prevent constipation.

NEW PROCESS.

Inventions by hundreds are annually being placed upon the markets of the world, and, living in this enlightened age, it is astonishing how many useful things there are of which the general public knows but little. The only reason is that the . . .

PROCESS.

of introducing them is over a mountain of prejudice against making any change. But ask what comfort and saving of labor and expense those people enjoy (we can give names), who are now using our wonderful "NEW PROCESS" . . .

STOVE.

C. V. STURDEVANT, Sole Agent.

NOW NORDHOFF FLOPS.

HIS TONE AS TO HAWAII IS ENTIRELY CHANGED.

Now Endorses the Republic—He Praises the Court and the "Dole Government."

Here are the latest utterances of Chas. Nordhoff, published in the New York Herald and republished in the Sun, with caustic comment:

"I have read carefully the very full reports of the trials of the insurrectionists contained in the file of Honolulu newspapers, which came to me by the last mail. The court was a military court, but it is clear from the circumstantial report of its proceedings that the members acted throughout with care for justice.

"I am not ready to say it would not be a proper and wholesome act to hang such persons as Wilcox, Cummings and Ashford, if there is evidence to convict the last named. I don't suppose myself that the Dole Government will hang any of the condemned, but it certainly ought to expel them from the country. I mean the white men and such half-breeds as Wilcox and Nowlin; though Wilcox could, I think, be hanged amid general applause.

"As to the Queen, considering that she allowed dynamite bombs to be sent to her house, and allowed her personal aid and friend Nowlin to engage in this absurd attempt, she is at the mercy of the Government, and ought to be sent out of the islands, unless, now that she has abdicated in favor of the Dole Government, she can satisfy Mr. Dole that she will conduct her self loyally to the Government to which she has given her allegiance."

This is the very same Nordhoff who twenty months ago could say nothing too violent against the Provisional Government.

A place to spend a few quiet hours is the Hamani Baths. Waikiki cars pass the door.

THE CAPTAIN AGAIN.

JULIUS A. PALMER HERE NOW FOR A NEW YORK PAPER.

Has Visited the Country on Business Before—Has Distinctive Political Ideas—Chat With Him.

Captain Julius A. Palmer formerly of the Boston Transcript is quartered at the Hawaiian Hotel. He has paid several visits to the islands, the last one being in the summer of 1893. This time he represents the Evening Post of New York, and he comes to write up the islands again.

Since Captain Palmer's departure from Honolulu in 1893 he has written a number of letters of political bearing. Most of them have been criticised by friends of Hawaii in Boston. The writer advocated many ideas peculiarly his own, in re the Hawaiian question, one of them being British control of the islands which he advocated.

Speaking of his present business, Captain Palmer said this morning: "I am sent here by the Post. Tom, William Cullen Bryant's old paper, publishes no sensational or police matter. Its character is standard and it is made a paper that is admitted into the home with impunity. I will remain some time in the islands, perhaps at the Hotel."

G. H. MUMM & CO. AHEAD.

The following list shows the importations of champagne into the United States for the years 1893 and 1894; by which it will be seen that Mumm & Company's Extra Dry is far in the lead of all other brands, as taken from the official statistics of the New York custom house:

MEN AND SHIPS.

WASHINGTON, March 4.—The naval all as passed provides for two new ships, six torpedo boats and the enlistment at once of 1,400 seamen.

BROWN AND RADIN.

In a note to THE STAR, James Brown and John Radin say: "Statements published here as coming from us are absolutely false. We have not been interviewed by any reporter, nor have we discussed Hawaiian affairs with anyone."

Dr. McDaniel writes that papers have put words into his mouth. He says: "I have refused to talk Hawaiian politics for them."

THE NEWS OF THE WAR.

A CHINESE ATTACK THAT WAS QUICKLY REPULSED.

Japanese Victory and Capture—2,100 Killed—Li Hung Chang is Now in the Saddle.

LONDON, March 7.—A Tokyo dispatch says that the Japanese General reports from Kaching, under date of March 5th, that Chinese from Ying Kiao marched to Tai-ping-shan on the morning of March 4th, upward of 10,000 strong, but by noon, under the fire of the Japanese artillery, were on the retreat. It was an artillery duel only. There was no Japanese loss.

WASHINGTON, March 7.—A telegram from Tokyo has been received by the Japanese Minister confirming the report of the capture of Newchwang by the first army under General Nogi. The old town of Newchwang was taken by assault after thirteen hours' hard fighting. The Chinese offered a stubborn resistance.

Within the town itself 1880 Chinese were killed and 5000 surrendered. Large quantities of war materials were captured, including 16 cannons. The Japanese lost 208 killed and wounded.

The Navy Department is advised that the Chinese fleet is now in the waters of the Yellow Sea, and is expected to move on to the coast of Korea.

LONDON, March 7.—A special to the Times from Tientsin says: The Emperor of China has completely vindicated Li Hung Chang from the charges brought against him. His Majesty conferred upon him the rank of Marquis, and the title of "Prince of the Republic."

The Government publicly assumes the entire responsibility for the conduct of the national defense, which is the result of the Chinese action of other nations. Thus the action of the Emperor places all future reforms in the hands of Li Hung Chang.

INDEPENDENT'S LIST.

Instead of 908, there were 791 persons aboard the Independent from Kobe. These were: Males, 639; females, 132; children, 15. The Board of Immigration had granted permits for 498 male laborers to arrive in March.

IN CUBA.

Revolution—Martial Law—American Consul.

TAMPA, Fla., March 7.—Another revolution against Spanish rule is in full blast in Cuba. There has been considerable fighting, with heavy losses on both sides. In one engagement at least the Spanish troops were defeated. Filibustering expeditions from the United States are reported to be going to the assistance of the rebels.

True American Residents in Cuba are charged with helping the insurgents quietly. The United States Consul General has notified the Cuban Government in remanding civil trial for four Americans arrested. Martial Law has been declared.

WOMAN'S SUFFRAGE IN NEVADA.

CARSON, (NEV.), Feb. 27.—The woman's suffrage amendment passed the House today. The ladies did effective missionary work at the inaugural ball.

GIVEN PASSPORTS.

Some Diplomats are not Wanted in Venezuela.

NEW YORK, March 7.—The Herald's correspondent at Caracas cables as follows: President Crespo has given the passports to the Ministers of France and Belgium to Venezuela. This action is due to statements published in Italian green book, in which it is stated that the French, Belgian, German and Spanish ministers have threatened to use force to impose upon Venezuela a mixed foreign tribunal, to be jurisdiction on all questions in which Europeans are concerned.

COUNTS CASTELLANE.

The Marriage of Anna Gould to a Title.

NEW YORK, March 4.—Anna Gould and Count De Castellane of France were married this afternoon at the Gould home and sail tomorrow for Europe. There were Catholic and civil ceremonies. The bride's dress was of ivory satin, trimmed with old lace.

OLIVE BRANCH.

Germany to Take Part in the French Exhibition.

PARIS, March 7.—Le Journal says that Count Munster, the German ambassador, has unofficially informed M. H. Antons, Minister of Foreign Affairs, that Germany will take part in the French Exhibition in 1900.

In the Chamber this evening Deputy Richard (Socialist) attacked the Government for accepting Germany's invitation to send war ships to the opening of the North Sea and Baltic canal. He said that the Government's action in this affair was France's bitterest humiliation since 1870.

FIVE MORE WAR SHIPS.

WILL LEAVE AMERICAN NAVY YARDS TO CRUISE.

Bennington May Come to Hawaii—Perhaps the Olympia Also—The New Flagship.

WASHINGTON, March 6.—The increase of the enlisted force of the Navy to 1000, as allowed by Congress, is estimated at the department, affords the means to put in commission five ships which have been lying idle at the navy yards. They are the Boston, Maine, Amphitrite, Lancaster and Marston.

The cruiser Bennington, in obedience to telegraphic orders from the Navy Department, has left Annapolis for San Francisco, in order to have her body endurers overhauled and to have her hull cleaned and painted. The vessel has not been docked since September 1892, although regulations require all steel ships to be docked every six months.

The new cruiser Olympia, which was commissioned on February 20, is at Mare Island, getting ready to leave. She has been designated as Admiral Root's flagship after April 1st, and it is a question whether she will go to Honolulu at that time to join the Admiral's fleet.

The Navy Department is advised that the Chinese fleet is now in the waters of the Yellow Sea, and is expected to move on to the coast of Korea.

Six baths for \$1 at Asa's with a mode barber shop, No. 80 King street.

A SENSATIONAL CRIME.

An Englishman Kills Seven Throats and Kills Himself.

LONDON, March 7.—A plasterer named Taylor, living at Lower Tooting, near London, on the 6th inst. shot his wife and six children this morning and then took his own life. All the family are dead except one child, who is at the point of death.

The crime was the outcome of the extreme destitution that prevails among many of the working classes. Taylor was a sober, steady workman, but had been thrown out of work by the remarkable cold weather, which brought all building operations to a standstill. Not being able to provide for his family, his mind became unbalanced, and it is evident he determined to kill them and himself, in order to save all from slowly starving to death.

A NOTABLE EDUCATOR.

ARRIVAL OF DR. B. G. NORTHRUP, OF CONNECTICUT.

For sixteen years the distinguished visitor was State Superintendent of Education for Connecticut, but having passed his seventieth year is now devoting his time to lectures on educational topics. He is on his way to Japan, where he will deliver a series of lectures.

While here Dr. Northrup will lecture on the subject "How to Study" before the Teacher's Association. Some of his principal subjects are: "Village Improvements," "Memory and How to Train it," "The New Era in Japan," "The Bible as an Educator" and "Anarchism and Law."

PEOPLE OF NOTE.

Paragraphs on Men and Women of Little Life.

There is little danger of President Faure proving as thin-skinned as his predecessor at the glee, who resigned his office because he was too sensitive to bear any longer personal abuse. The new "Gaiety" began life as a singer and the major part of his audience has been spent in devising the most efficacious means of hardening hides.

IS THIS IN EARNEST?

ONE BRITISH VIEW OF THE SITUATION IN THE ISLANDS.

London "Telegraph's" Suber Comment—Blames 200 Countries Justice Absent.

LONDON, Feb. 27.—In a leader on the revolution in Hawaii, the Telegraph this morning says:

"The spectacle is one to astound and scandalize the civilized world. President Harrison played into the hands of the sugar pirates openly and Mr. Cleveland did not dare to wash his hands of the business and brutality wrought by his fellow President at Honolulu."

"American war ships have played cat-and-mouse with the islands and dodged about just enough to give the filibusters a chance to escape if things came to the worst. Thus, because justice was nobody's business, and Liliuokalani was not rich or powerful enough to command friendship, England and America have allowed this flagrant crime to be committed in open daylight."

"It is everybody's interest except the declining race of islanders to flush the matter up and allow speculators to erect a spurious government and stain the American flag by taking upon it this bastard republic."

"We do not suppose that any power will protest, unless it be Japan when she has leisure, but the spectacle is a sorry one for Christian morality and is a bitter lesson of what feeble races may expect when the interests of civilized powers come in collision."

The Councils.

The new bills recently introduced in the Councils are being considered at a meeting this afternoon.

IN GOVERNMENT CIRCLES.

No news of interest beyond what appears in the paper was received by Government from the United States today.

IT HATCHED THIS.

"I was over in Honolulu last week," remarked the attorney, "and on a train going toward Indianapolis I saw a young man in a hotel to be with a child and a blue necktie. He was green as a pond, and the young woman with him wasn't much better. About 5 o'clock in the afternoon I came into the smoker of the Pullman and sat down across. I was there talking to a man from Vincennes. After a few minutes he came right up and pulled down his collar as if he wanted to kill me."

"Has either of you gentlemen ever been married?" he queried.

"I haven't," said I.

"I haven't," said the Vincennes man, "and my friend here is now living."

"Good," exclaimed the young fellow, "you don't say so?"

"Yes, I do say."

"And you lived through it?" questioned the youth.

"Certainly. Why not?" said the Vincennes man somewhat indignantly.

"Cause I got married this morning at 9 o'clock and ever since I've been serving cloths in the hotel and being queer, and I began to be worried I was going to live through it. It's my first attempt, and I picked up to it. See, you, the fellow, I mean, you know, and I begin to have hopes. I'll go back now to Mary, and if you see me looking badly and likely to even throw up, and Indianapolis won't you make me up again? I'm bad-sorted, mean, but goodby." And he went back into the car, and the Vincennes man kept his eye on him the rest of the way. "You treat Free Press."

And he wants to make a little more.
